Notice of Demolition

Prior to demolition, certain inspections are required relating to private wells, septic systems, and fuel tanks. The permit holder is responsible for requesting all applicable inspections. Failure to obtain all applicable inspections could result in a zoning violation.

The Town of Jamestown and the Boone County Health Department must perform an inspection prior to demolition. In order to approve the Demolition Permit, the applicant is required to sign this form and obtain the signatures of the individuals listed below. Include this completed form with all appropriate signatures when you submit your application for a Demolition Permit.

Multi-permit or Phased Project Organization Form

The Town of Jamestown recognizes that it's not always possible to pull one single permit for a project. In this situation, it is necessary to understand the full scope of a project before issuing permits.

A Temporary and Conditional Certificate of Occupancy may be issued for each phase of a project; however, a FULL Certificate of Occupancy will NOT be issued until all phases of the project are complete.
